e) As far as possible, corrections in the tender documents to be avoided. However in case of any corrections, the same should be authenticated by the person who is signing the Tender. Over writing on the tender document in not permitted.

f) The Tender should be forwarded in the official letterhead of the tenderer.

3) The complete Tender documents (duly signed tender conditions, specification, priced bill of quantities etc.) should be addressed to The Company Secretary, UTI Infrastructure Technology And Services Ltd. (UTI ITSL), Ground floor, UTI-Tower, Bandra-Kurla Complex, Bandra (E), Mumbai – 400 051 and reach the office on or before date fixed and notified in the tender document.

4) The Tenders will not be received after the due date and the time fixed. However, if the UTI ITSL desires to extend the time limit, it will do so by informing all the tenderers either before the due date and time fixed for submission or after the due date and time.

5) In case the due date for submission / opening of the tender is declared as a public holiday in the State, (where the tender document is to be submitted), the time limit will be automatically changed to the next working day at the same time.

6) In case, the tenderer does not wish to quote for the work, the same should be informed to UTI ITSL over letter / fax addressed to The Chief Executive Officer and Company Secretary on or before the due date of submission of the Tender. **The blank Tender also must be returned to the UTI ITSL.** The technical specification, design and all other contents of the tender documents are patent and the same should not be reproduced without the prior permission of the

Client ID	34
Tender No.	733
Page no.	5/31

UTI ITSL. The payment made to UTI ITSL towards the cost of the tender document is not refundable.

- 7) UTI ITSL will take no responsibility for delay or loss or non-receipt of tenders after dispatch, by the tenderer.
- 8) The tenderers are advised to hand over the duly filled tender directly to the office of The Company Secretary (UTI ITSL.) or ensure that the tender reaches the office before the due date fixed for submission of the tender.
- 9) The tenderers are requested to inspect the site of work and acquaint about the site conditions and rules and regulations before quoting the rates. For this, the officials of UTI ITSL may be contacted to make the arrangements.
- 10) The rate quoted should be inclusive of the cost of materials, labour, transportation, Sales Tax, Excise Duty, Cess, Sales Tax on works contract, VAT or any other expenditure that may be incurred during the course of work.
- 11) The tender should be submitted strictly as per the terms & conditions spelt out in the tender notice. The tenderer should not make any alteration in the terms & conditions, drawings, specifications etc. In case of any alteration the tender may be considered as invalid/void.

B. Opening of the Tender:

1. The sealed tenders will be opened in the presence of the authorized official of the UTI ITSL/ UTIAMC on the day as specified on the cover page.
2. Intending tenderers who wish to be present at the time of opening of tenders may be present at the office address as mentioned in page no. 3 on the day fixed for opening of the tender. Only the cover containing Earnest Money shall be opened first and the cover containing overriding conditions etc. shall be opened after opening the envelop of Earnest money. Without earnest money tender shall be rejected.
3. The envelop containing the price bid would be opened after two – three days. Any vendor who wants revise the price bid would be able to revise the price in that period. The date of opening of the price bid would be conveyed to all the vendors accordingly. All the vendors should give their e- mail address/Phone numbers to convey the date for opening of the price bid.

C. Acceptance of the tender :

1. The rates quoted by the contractors should be valid as specified in the cover page.

Contractor's Signature

Seal

Client ID	34
Tender No.	733
Page no.	6/31

2. UTI ITSL reserves the right to accept / reject summarily any / all tenders in whole or part thereof without assigning any reason whatsoever and also does not bind itself to accept the lowest or any other tender.
3. It will be open to UTI ITSL to negotiate the terms including the rates quoted with the lowest tenderer. The negotiated price by UTI ITSL will be the contract value and work order will be placed for the said amount.
4. The tenders for the work shall remain for acceptance for a period as specified on the cover page or the period that may be extended by mutual agreement and the tenderers shall not cancel / withdraw the tenders during that period.
5. Each tenderer must submit an Earnest Money Deposit of **Rs. 30,000/- (Rupees Thirty Thousand only)** in the form of a Demand Draft in favour of UTI Infrastructure Technology And Services Ltd payable at Mumbai, drawn on any Nationalised bank (and which shall not bear any interest). The Demand Draft should be placed in a separate envelope along with the tender duly marked with details. No tender will be received with out EMD in separate cover. The EMD will not carry any interest. In case of failure on the part of the contractor for commencement of work / delay in execution of the project, the said amount will be forfeited.
6. The Earnest Money will be returned to the unsuccessful tenderer after the intimation of rejection of the tender is sent.
7. Earnest Money Deposit will be forfeited, if the contractor:
 - a. Revokes the tender or increases the earlier quoted rates within the validity period.
 - b. Refuse, delay to sign and execute the contract after tender is accepted.
 - c. Does not commence the work within the time specified in the letter of intent/work order or 7 days from the issue of such letter, whichever is later.
8. The tenders will be rejected if;
 - a. If the contractor does not quote any of the item / sub-item in the tender
 - b. If the contractors makes the correction in the rate while quoting and not countersigned duly stamped at that particular item of work.
9. The tenders which do not fulfil any of the prescribed conditions will not be accepted.
10. Canvassing in connection with the tender is strictly prohibited.

Tender No.	733
Page no.	7/31

D. **Execution of Work** :

1. The work should commence *within the period specified on the cover page* from the date of the receipt of work order or the date that may be indicated in the work order. Accordingly, date of commencement of the work will be reckoned from the day as specified in the cover page.
2. The work *should be completed as specified on the cover page calculated* from the date of commencement of the work or within the time limit that may be indicated in the purchase order.
3. Time allowed for SITC of the UPS System, as specified in tender, shall be the essence of the contract.
4. If the tenderer commits default in commencing the work, as required by the work order and found that the date stipulated cannot be adhered to, UTIITSL shall be entitled without prejudice to any other rights or remedies available may terminate / rescind the contract.
5. If the tenderer fails to complete the work within the stipulated time mentioned in the work order, the UTI ITSL will have liberty to impose penalty @ 2 % of the total contract value per week of delay subject to an overall limit of 10 %, without prejudice to other remedies available. The tenderer has to pay to UTI ITSL such amount that may fall short over the amount due to them, if any.
6. However, if UTI ITSL is convinced that the delay in work is beyond the circumstances created by the tenderer, they may award extension of the same to the extent they feel justified based on the request of the tenderer. In such case liquidated damages will be levied for the balance period, if any as provided as per the condition of the tender.
7. If the tenderer fails to commence the work within the days as specified on the cover page from the date of receipt of intimation for supply of capacitors and / or the supplier fails to show progress in completion of work and UTI ITSL feels the work cannot be completed within the stipulated time, UTI ITSL will have the right to terminate the contract by giving three days notice to the supplier, at the full discretion of UTI ITSL and the decision of UTI ITSL will be final and binding. In case of termination of the contract, the payment if any, due to the supplier will be released only on completion of the entire project. The amount that may be spent for completion of the balance work will be recovered from the contractor. It will be

Client ID	34
Tender No.	733
Page no.	8/31

the full discretion of UTI ITSL to carry out the balance work through any agency at any rate as per the specification.

8. All the materials and workmanship shall be of the kind described in the schedule of quantities / specifications and in accordance with relevant BIS/ISI codes and as per directions of the Engineer-in-charge.
9. The tenderers shall submit photocopies / originals of vouchers / challans etc., for verification of actual purchases of any material, if so, desired by the Engineer-in-charge.
10. The tenderer shall have to carry out testing of all materials brought on site at their own cost in any institute / laboratory / site of works as desired by the Engineer-in-charge. No extra claim will be entertained for such testing of materials.
11. The tenderer shall not at any time do, cause or permit any nuisance on the site/ do anything which shall cause unnecessary disturbances or inconvenience to the occupants / visitors at site or near the site of work.
12. The quantities indicated in the bill of quantities are approximate and the quantities may vary as per the site conditions / requirements. The rate quoted should be firm for the deviated quantities of work also.
13. The tenderer's workers will not be allowed to stay at the work site.
14. The tenderer or his workers can use the common facilities such as drinking water, toilet etc., provided at the premises. However, it should be ensured that the same should be kept in hygienic condition.
15. Water and Electricity as per the availability at site can be made use of by the contractor. If not available the contractor has to arrange it on his own.
16. In case of any damage to the existing structure, the tenderer should rectify the same free of cost up to the satisfaction of the Engineer-in Charge.
17. UTI ITSL will have the liberty to modify the design to a reasonable limit.No extra charges will be paid for execution after such modification.
18. The tenderer should protect the work till its completion and handing over against any possible damage, theft, scratches, etc.
19. The tenderer has to make arrangements for cleaning the work site every day and on completion of the work from the work area at his cost.

Client ID	34
Tender No.	733
Page no.	9/31

20. The tenderer should provide samples of the materials for approval of UTI ITSL and the samples will be kept in the custody of the Engineer-in-charge.
21. Wherever possible the work has to be carried out at the factory of the contractor and the same to be transported to the site.
22. The tenderer should make necessary arrangement for inspection of the items made at his factory / work place by the Engineer-in-charge. The tenderer should complete fabrication and other works at factory and only assembling work and the finishing may be carried out at the site.
23. The tenderer should abide by the rules and regulations for the premises especially on the working hours, entry to the workers to the premises, interpersonal relation with the staff members and other agencies engaged at the site.
24. The tenderer should make necessary arrangement for covering of all the furniture items/ records, if any of the client with cover / cloth during the course of work.
25. The tenderer should arrange a qualified (minimum diploma holder) supervisor at site during the course of the entire work. **The tenderer should arrange a supervisor at site during the course of the entire work.** The tenderer should not change the supervisor till completion of the work. The supervisor should be available at site when the work is in progress.
26. Any damage / loss to UTI ITSL will be rectified at the cost & risk of the contractor.
27. The workmanship should be of high quality / standard and the decision of the Engineer- in-charge / Consultant shall be final in the regards.
28. The tenderer should not apply primer / putty work / paint or any other finishing material before inspection and certification of the wood work by the Engineer – in – Charge.
29. The tenderer should not engage any person prohibited by the law for execution of the job.
30. The tenderer should carry out the work strictly as per the specification and as directed by the Engineer-in- Charge.
31. All the materials proposed to be used should have the approval of UTI ITSL. The Components used should be of reputed make only.
32. The materials required for the work **should be purchased only from the manufactures directly or from the approved dealers.** Confirmation for the same may be submitted if so desired.

Client ID	34
Tender No.	733
Page no.	10/31

33. The dismantled material / debris should be removed from the site daily and be transported out to the place as designated by the Municipal Corporation at his own cost.
34. The tenderer should make his own arrangement for storage of materials. UTI ITSL may provide some space subject to availability (uncovered) within the premises for storage purpose. Materials only as per requirement are to be stored at site. Security for the material such stood/lying at site will be arranged by the contractor.
35. Any damage / loss will be rectified at the cost & risk of the tenderer.
36. The tenderer has to maintain a book for instructions from the Engineer-in-charge.

E. Payments :

1. No advance will be paid.
The billing is to be done in the name of the client as specified on page 3 in the beginning paragraph of Tender notice.
2. Only one bill will be acceptable for the work executed on proper submission of the bill together with the measurements of the work carried out. The Security Deposit, other Statutory deduction and any other amounts as may be deductible / recoverable as per the terms and conditions of contract will be deducted from the bills.
3. 10% of the value of each running bill will be deducted as Retention Money / Security Deposit.
4. The final bill will be released on satisfactory completion of the entire work and on completion of all the terms and conditions / obligations spelt out and on proper submission of the bill together with the measurements.
5. The Security Deposit will be refunded after the defect liability period of *12months*.
6. Income Tax, Sales Tax on Work Contract, VAT, Cess and / or any other Statutory deductions as per the prevailing rules at the time of execution will be deducted from the payable amount for which certificate will be issued in favour of the tenderer.
7. Tenderer will not be entitled to any interest on Retention Money or any Running account bill money for the time it will remain with the UTI ITSL/Client.
8. The items of works as well as the approximate quantities against these items as given in the schedule of ***quantities and the same should not be considered precise quantity of works to be carried out***. The tenderer shall be paid on the basis of the actual quantity of completed work as per the provisions of the contract and as per the specifications.

Client ID	34
Tender No.	733
Page no.	11/31

9. It is possible that certain extra items of work may come up during the course of work. The payment for such items will be made based on Engineering/Market rate analysis. A component of 15% on the cost of material (actual purchase cost / market price without any wastage) and labour will be considered as tenderers profit and other overheads.

All the payments shall be released to the tenderer on back to back basis once the payment is received from the client.

F. Escalation :

1. *No escalation* in rate shall be paid for the works carried out.
2. No claim on account of fluctuation of rates of material and labour will be entertained during the course of work – (from the date of acceptance of the Tender till issue of completion certificate).

G. Defect Liability Period :

1. Defect Liability Period as per the terms of the contract is *12 months* from the date of virtual completion of the work. The work will be considered as virtually completed only when the tenderer completes the entire work as per the specification and joint inspection of work by the Engineer-in-charge and tenderer.
2. The *Security Deposit* will be refunded only after the defect liability period of *12 months* and rectification of the defects occurred whether pointed out in inviting or not. It will be the duty of the contractor to inspect the site for defects and rectify the defects within the defect liability period.
3. During the course of Defect Liability Period the tenderer has to rectify all the defects, if any, noticed free of charge.
4. In case the tenderer fails to attend the rectification work within 7 days of reporting the same in writing, UTI ITSL will have the liberty to carry out the said work through some other contractor at the cost & risk of the tenderer. Such expenditure incurred to the client will be recovered from the Security Deposit. In case any expenditure incurred is more than the Security Deposit, the tenderer should pay the difference that may fall short.
5. While carrying out the rectification work, the tenderer should ensure that the surroundings should be protected against any possible damage. In case of any damage, the same should be made good by the tenderer.

Client ID	34
Tender No.	733
Page no.	12/31

H Statutory obligations to be followed :

1. The tenderer should ensure adherence of all statutory requirements under the State and Central Rules in force and other local bodies for smooth and timely completion without any additional cost.
2. The tenderer shall comply with the provisions of all the rules and regulation in respect of labours engaged at site (such as Contract Labour {Regulation & Abolition} Act, 1970, Minimum Wages Act, Apprentice Act and all other labour laws as may be enforced from time to time by the Government Authorities) for execution of work, procurement of material for completion of the entire project. UTI ITSL shall not be held responsible for any penalty on failure of any of the labour regulations or on failure of any compliance of any rule in force.
3. The tenderer shall strictly comply with the provision of Sales Tax (both State & Central), Excise Duty, etc. All the duties / taxes with respect to the work should be borne and paid by the tenderer himself. UTI ITSL shall not be responsible for any payment/ penalty on this account at any stage.
4. The goods are manufactured at the tenderers office / site, the tenderer has to pay Central Excise and he has to produce Excise Invoice Copy for removal of goods from the manufacturing site. In case the goods are manufactured or produced at the site then Excise Invoice showing that the Central Excise has been paid should be submitted to UTI ITSL.
5. The tenderer should submit a statement confirming that all duties / taxes of every nature covered under the contract have been paid and the tenderer shall indemnify the UTI ITSL against all claims in that behalf.
6. The tenderer should ensure adherence of all the requirements under the State and Central Rules in force.
7. The tenderers should submit an affidavit / Declaration on payment of Central Excise as per the enclosed format.
8. The tenderer should also submit when required, a copy of the declaration filed with the Central Excise for the last financial year.
9. The tenderers are required to take Contractor's All Risk insurance policies (CAR Policies) with respect to the work within one week from the receipt of the work order and the workmen with an approved Indian Insurance Company in the joint name of the CLIENT and the Tenderer from the day of commencement of work till the defect liability period.

Client ID	34
Tender No.	733
Page no.	13/31

10. The value of the work to be insured would be 125% of the contract value.
11. The CAR policies should have additional coverage under 3rd party liabilities and maintenance period. The liabilities should be one lakh rupees per accident and the number of accidents should be infinity. The maintenance period shall be the defect liability period as per the terms of the contract. The photocopies of the premium receipt and the policies should be submitted to UTI ITSL.
12. The tenderer has also to insure their workers under Workman's compensation Act- 1923.
13. UTI ITSL will have the right to protect its interest either by taking insurance directly or by any action that may deem fit on account of the tenderer and recover the same from the tenderer incase the tenderer fail to do so.

I. Responsibilities of the tenderer :

1. The tenderer should enter into an agreement as per the articles of agreement on stamp paper attached with this notice within 7 days of issue of acceptance of the tender.
2. The tenderer shall not sublet the work without written approval from UTI ITSL.
3. The tenderer should co-ordinate with all the other contractors for execution of the project.
4. The tenderer should set out the layout at site before commencement of work and obtain approval to the same from UTI ITSL.
5. The tenderer should clear the site within 7 days of virtual completion of work of all material not paid for.
6. The tenderer should take adequate precaution against fire hazard at site. The tenderer should ensure that all fire safety measures are taken during execution and that the work carried out is as per the fire safety norms of the local Fire office.
7. The tenderer should arrange scaffoldings / ladders for proper execution of work, also to ensure safety of the workers as per the relevant provisions of the law.
8. The tenderer should submit rate analysis for the extra/deviated items of work before commencement of the work.
9. The tenderer should submit samples of the material proposed to be used for the approval of UTI ITSL.
12. The tenderer should prepare mock-up of the items for the approval of the UTI ITSL and as per the advise of UTI ITSL, the contractor has to modify the mock-up samples till it meets with the

Client ID	34
Tender No.	733
Page no.	14/31

approval of the UTI ITSL. The expenditure that may be incurred for making the mock-up samples should be included in the respective items of work.

13. In case the tenderer is a partnership firm, any change in the constitution of the firm shall take place only with the prior approval of UTI ITSL during the contract period.
 14. The tenderer should submit shop drawings for all the items for the approval of UTI ITSL before execution of each item of work.
 15. The tenderer should remove the rejected work / materials immediately on receipt of instruction to do so.
 16. The tenderer has to ensure safety of the premises and the work till handing over of the same to UTI ITSL.
 18. All disputes/ differences, if any, arising between the parties out of or relating to the works, meaning or operation or effect of this Contract or the breach thereof will be settled by two Arbitrators, one each appointed by the tenderer and UTI ITSL in accordance with the rules of Arbitration of the Indian Council of Arbitration and the award made in pursuance thereof shall be binding on both the parties.
- The special conditions annexed with this notice has to be strictly followed.
 - This notice shall form part of the contract.

Technical Specifications for UPS

SPECIFICATION FOR 70 KVA MICROPROCESSOR BASED UPS WITH SEALED MAINTENANCE FREE BATTERIES.

LOAD DETAILS – Workstations and printers

1. INPUT:

Voltage : 3 phase, 4 wire, 415V, (+10% to -15%).
Supply frequency : 50Hz(+/-5%).

2. OUTPUT

: Power kVA – 70 KVA – 48 KW

Voltage : 415 +/- 1% Three Phase

Load power factor : 0.6 to Unity.

Frequency : 50Hz +/-0.25Hz in free running mode.

Wave form : True sine wave.

Duty cycle : Continuous.

3.Cooling

: Forced Air. RECTIFIER CUM CHARGER

: 6 pulse with input harmonic filter. Input power factor on 100 % load at 50 % load to be mentioned and power factor without filters to be specified on above conditions

4. INVERTER

: IGBT based PWM instantaneous sine wave control.

DC TO AC EFFICIENCY : 94%

TOTAL HARMONIC DISTORTION : LESS THAN 10%

GALVANIC ISOLATION : Inbuilt output isolation transformer

TRANSIENT RESPONSE : For a 0 to 100% step load change the output shall remain within +/-5% and recover to nominal within 5 Milliseconds.

OVERLOAD CAPACITY : 125% for 10 minutes
150% for 60 seconds.

Client ID	34
Tender No.	733
Page no.	23/31

STATIC BY PASS SWITCH : REQUIRED.

5. INDICATIONS : Mains ON
Input single phasing.
Battery low. And alarm
Battery on float
Inverter ON
Inverter under voltage.
Inverter over voltage.
Inverter trip.
By pass supply ON.
Rectifier trip.
Rectifier over voltage.
Battery on boost.
Control supply ON.
Load on static bypass

Note : Alarms shall be provided for all important fault conditions.

6. METERS : Input Voltmeter.
Input Current
DC voltmeter.
DC current meter (Rectifier/battery).
Output ammeter.
Output voltmeter.
Output frequency meter.
All meters shall be digital type only.

7. PROTECTIONS : Single phasing.
DC over voltage and over current.
Battery low.
Output under voltage/over voltage.
Output short circuit.
Output over load.
Inverter Trip.

8. ENVIRONMENT:

Operating temperature : 0 to 40deg C.
Storage Temperature : minus 10 deg C to 70 deg C.
Humidity : up to 95% RH non-condensing.
Noise Level : less than 60 DB at a distance of 1500mm.

Tender No.	733
Page no.	24/31

9. ENCLOSURE

: Sheet metal with epoxy powder coating with Siemens Gray colour and degree of protection as IP 20. Bidder to specify the dimension of the UPS and battery rack. Cable entry

10. BATTERY SPECIFICATIONS

: Sealed maintenance free batteries with rating to suit 70kVA UPS for a back up time of 15 minutes (make Exide power safe, Rocket – , Panaosonic – Japan Vendor to offer all the details and foot prints.

: Battery stand shall be fabricated to suit the conditions and space available at site.

: Interconnections within the battery bank shall be carried out with flexible copper lead suitable for DC applications.

Maximum In built battery charging capacity to be specified in Amp. Battery sizing calculations to be submitted for 70 KVA- / 48 kW load.
